

## CURRICULUM VITAE

**JONAS H. ELLENBERG, Ph.D.**

**Business:** Westat  
1650 Research Blvd.  
WB488  
Rockville, MD 20850-3129  
Voice: (301) 251-4201  
FAX: (301) 738-8379  
E-mail: [JonasEllenberg@Westat.com](mailto:JonasEllenberg@Westat.com)

<b>Research Interests</b>	Design, implementation and analysis of health studies including clinical trials observational studies and health services research and policy. Current emphasis includes application of extensive experience in the design and analysis of clinical trials and multicenter prospective observational medical data bases to the process of community based assessment of medical products and health care outcomes research.
<b>Education:</b>	Graduate School of Arts and Sciences, Harvard University (Statistics), Ph.D. Doctoral Dissertation: The Detection of Outliers in Multivariate Linear Regression Harvard University (Statistics), A.M. Wharton School of Finance and Commerce, University of Pennsylvania (Economics), B.Sc. London School of Economics, University of London
<b>Academic Honors and Fellowships:</b>	Dean's List, all semesters, University of Pennsylvania Elected to Beta Gamma Sigma, National Honor Society (Economics and Finance) Tuition Scholarship, Harvard University Graduate Study financed under a United States Public Health Service Traineeship Grant, and also under Office of Naval Research funding
<b>Professional Honors:</b>	National Institutes of Health Quality Awards (1973, 1979) United States Public Health Service Special Recognition Award (1978) National Institutes of Health Special Achievement Award (1981) Elected to the rank of Fellow, American Statistical Association (1982) Appointed to Senior Scientific Service (1985) United States Public Health Service Superior Service Award (1987) Elected to the International Statistical Institute (1987)

Meritorious Presidential Rank Award (1989)  
Elected to rank of Fellow, American Association for the Advancement of Science (1994)  
Department of Health & Human Services Secretary's Award for Distinguished Service (1995)  
American Statistical Association: President Elect (1998); President (1999)

**Professional Societies**

American Statistical Association (Fellow)  
Section on Biometrics  
Section on Health Policy Statistics  
Institute of Mathematical Statistics  
International Biometric Society  
President (1988-89)  
Treasurer (1979-86)  
Governing Council (1979-90)  
Long Range Planning Committee (1981-1985)  
Chairman, Sustaining Membership Committee (1980-84)  
Constitutional Revision Committee (1995-)  
International Statistical Institute (Elected member)  
Society for Clinical Trials  
Drug Information Association  
Royal Statistical Society  
Association for Health Services Research

**Editorial Collaboration:**

Associate Editor, Controlled Clinical Trials (1994-1999)  
Book Review Editor, Controlled Clinical Trials (1994-1999)  
Publications Committee, Controlled Clinical Trials (1983-1985)  
Associate Editor, The American Statistician (1980-1984)  
Editorial collaborator for statistical and medical journals

**Recent Administrative Committees**

Board of Directors, International Mathematics Olympiad  
IMO 2001 USA (1998 - Present)  
FDA Center for Devices and Radiologic Health Advisory Committee (2000 - Present)  
American Statistical Association: Strategic Planning Committee (1995-1999)

**Brief Chronology Employment:**

1965-1966 Teaching Fellow, Department of Statistics, Harvard University Cambridge, Massachusetts  
1968-1969 Research Associate, Department of Statistics, Harvard

University, Cambridge, Massachusetts  
1965-1969 Statistical Consultant, Tufts University Medical School,  
Boston, Massachusetts  
1969-1982 Chief, Section on Mathematical Statistics, Office of  
Biometry and Field Studies, National Institute of Neurological and  
Communicative Disorders and Stroke, NIH, Bethesda, Maryland  
1982-1984 Deputy Chief, Office of Biometry and Field Studies,  
National Institute of Neurological and 1987-1989 Acting Chief,  
Neuroepidemiology Branch, Division of Intramural Research,  
National Institute of Neurological  
Disorders and Stroke, NIH, Bethesda, Maryland  
1970-Present President, Belex Realty Corporation  
1984-1995 Chief, Biometry and Field Studies Branch,  
Division of Intramural Research, National Institute of  
Neurological Disorders and Stroke, NIH, Bethesda, Maryland  
1995 - Vice President and Senior Biostatistician, Westat, Inc.,  
Rockville, Maryland
